

AIR HANDLERS

FUJITSU

FH**TTS Air Handler

The Fujitsu FH**TTS Air Handler is designed to be energy efficient and quiet - providing you with a higher level of comfort.

REDUCE ENERGY BILLS

The FH**TTS model uses a constant torque blower motor and is designed to exceed minimum efficiency standards and delivers savings every time it is in use.

BENEFIT – PACKED OPERATION

Our Air Handler is convertible for various system requirements, and the compact design and sound control elements help ensure that it operates efficiently.

QUALITY CONSTRUCTION

The FH**TTS Air Handler delivers quiet operation and long lasting performance.

ENJOY THE BENEFITS OF A HIGHER LEVEL OF COMFORT

The Fujitsu FH**TTS Air Handler is engineered to improve energy savings and comfort all year long. The unit's versatile design makes it a great fit for any system and keeps your home conditioned just the way you like it.

HUMIDITY CONTROL

A new Fujitsu Handler will help manage humidity levels in the home, improving your comfort and helping you save money on energy bills.

EFFICIENT HEATING & COOLING

Fujitsu Air Handlers feature a flexible design that allows them to meet the needs of a variety of systems. Your Contractor will recommend a unit that will best meet your home's airflow needs. The **1** factory-installed indoor aluminum cooling coil is the key component for your air handler. The coil is essential to humidity control and improved system performance, and the high-quality standards used in manufacturing result in fewer maintenance calls.

QUIET OPERATION

The Fujitsu FH**TTS Air Handler is designed with a **2** sturdy steel cabinet with **3** one inch of foil-faced insulation, offering excellent thermal and sound insulation.

VERSATILE DESIGN

The 4-way convertible design of Fujitsu Air Handlers allows the unit to fit in with the design of your home.

OPTIONAL ELECTRIC HEAT

When a heat pump is paired with the unit, Fujitsu Air Handlers can also provide efficient heating for your home. An optional electric heater kit can be added to keep you cozy all winter long.

QUALITY DESIGN

The FH**TTS Air Handler features a new lanced fin design for maximum performance and increased efficiency. A new high-grade condensate drain pan keeps the unit operating smoothly, especially when the weather heats up. And the corrosion-resistant aluminum endplates keep your unit looking as good as it runs.
